

Simulated human error: wrong ingredient — lettuce instead of fried potato

Assistant A

...

Use chips,
not lettuce.

Approach lettuce

| Oh, right.

Go to fryer → scoop chips

| Now take it to the pass.

Go to pass → serve

...

Assistant C

...

| (silent)

Scoop lettuce → go to pass

Serve → rejected

Assistant B

Two user continuations

You added lettuce, not chips. Empty the
plate at the trash and start over.

Scoop lettuce

High trust

Welcomes step-by-step guidance

| Got it, emptying the plate.

Go to trash → empty plate

| What's next?

Set the plate down and
get a fresh fish.

Put down plate → fetch fish ...

Low trust

Dislikes interruptions

| Why throw it out? It's
just lettuce.

The order needs fish and
chips, with no lettuce.

| Fine, I'll redo it.

Go to trash → empty plate

| Get a fresh fish.

| I know the rest.

Restart independently ...
